

Business Development Student Assistant

Are you looking for an exciting, hands-on learning opportunity to complement your studies in data analysis and business development? Join Epione Medicine as a Student Assistant and gain valuable experience working at a dynamic scale-up alongside ambitious colleagues—while making a real impact on the supply of medicines to the healthcare system.

About the position

As a Student Assistant at Epione Medicine, you will help drive one of our top priorities: enhancing decision-making by transforming reliable data analysis and market intelligence into actionable insights. You will support the Management and Business Development team with market research, contribute to strategic business initiatives, and play a key role in shaping our product portfolio.

Responsibilities:

- Drive strategic business development projects
- Conduct data analysis and market research
- Develop and present business cases
- Prepare management reports and presentations
- Develop and maintain Power BI dashboards
- Support with ad-hoc tasks and analyses

You will join a professional, fast-paced, and ambitious scale-up environment where the path from idea to action is short, and collaboration with both internal and external stakeholders is key. Our office is located at Avedøre Holme, just 10 km outside of Copenhagen.

As a Student Assistant at Epione Medicine, you'll gain hands-on experience in entrepreneurship, data analytics, and Power BI, while gaining unique insights into what it takes to scale a business. You'll be part of an exciting growth phase and have the opportunity to make a meaningful impact on the distribution of vital medicines to the healthcare system.

Practicalities:

- The position is 10–20 hours per week
- Start date: May 2025
- Competitive salary
- Possibility of transitioning to a full-time role

Qualifications

You are currently pursuing a bachelor's or master's degree in Public Health, Business Administration, Supply Chain Management, or a related field, and possess the following qualifications:

- Strong analytical and problem-solving skills

Business Development Student Assistant

- Advanced proficiency in Microsoft Excel
- Experience working with Power BI
- Comfortable handling large datasets
- Excellent attention to detail and ability to structure and communicate complex data clearly
- High level of drive and willingness to take initiative and responsibility
- Fluent in English, both written and spoken

You should have a strong work ethic and the ability to manage multiple complex tasks simultaneously. You take initiative to drive improvements, simplify business processes, and proactively seek creative solutions to challenging problems. Thriving in a dynamic and fast-paced environment, you bring a positive attitude and a good sense of humor to your work. Strong communication and collaboration skills are essential, as is a genuine curiosity to understand the Danish healthcare system and the pharmaceutical industry.

Working at Epione Medicine

Epione Medicine supplies medicines to the Danish healthcare system. Our products are parallel imported from certified wholesalers across the EU and are sold in Denmark under the same conditions as the original manufacturers. As a scale-up, we offer student assistants the opportunity to take on meaningful responsibilities within their field of study and contribute directly to our mission.

Contact

Please send your application and CV to Emil Johannsen at E.Johannsen@epionemedicine.com. For further information, feel free to contact Emil directly at +45 71 80 98 64.

Deadline

15 May 2025. Please note that applications will be reviewed on an ongoing basis, and interviews will be conducted as applications are received.
